

Dear Blessed Mother,
we want you to be with us
to guide, protect and help us,
you who called yourself our
mother, especially the Mother of
the Americas, and who promised to
wipe away our tears and to console
us and help us.

You also encouraged us never to fear
because you are at our side.

We ask you to be with us
that we would be able to discern
the will of God and to do whatever
His Holy Spirit prompts us to do.

Amen.
